How the funeral is invoiced

We accept guaranteed funds only - ie, insurance, pre-paid funeral plans, or payment from the estate.

This reduced funeral must be fully paid four working days in advance of the funeral date

Families who rely upon a DWP Claim for Funeral Funding,

In circumstances where you are unable to pay in full in advance, we find that many families opt to take out a short term loan whilst awaiting the DWP decision, or raise this amongst themselves or via crowd funding. An alternative should there be no funds whatsoever, and if you are not eligible for a DWP grant, is to approach Adult Services who may be able to provide a Public Service funeral for you.
