How the funeral is invoiced

We accept guaranteed funds only - ie, insurance, pre-paid funeral plans, or payment from the estate.

This reduced funeral must be fully paid four working days in advance of the funeral date

Families who rely upon a DWP Claim for Funeral Funding,

In circumstances where you are unable to pay in full in advance, we do work with a third party company who may accept you for a funeral loan which may be repaid to them in instalments. The funeral will go ahead once the loan is approved and decisions are made quickly. You may still apply for a DWP grant which will reduce the loan if awarded.
